

# About Yuasa

## Made in America.

Yuasa Battery, Inc. has been manufacturing motorcycle batteries in the U.S.A. to uncompromisingly high standards since 1979. Most of the large capacity Powersports batteries are manufactured in our Laureldale, PA plant. All other Powersports batteries are produced in a Yuasa state-of-the-art manufacturing facility in various countries throughout the world. Each Yuasa facility follows the same rigorous manufacturing processes to ensure the highest Yuasa quality standards are met.

We are the largest American manufacturer and the largest distributor of batteries for motorcycles, snowmobiles, scooters, all-terrain vehicles and personal watercraft.
